

Catholic Charities is a Safe Environment for Children, Youth, and Vulnerable Adults

Catholic Charities and the Diocese of Venice are deeply committed to the protection of children and vulnerable adults and remain steadfast in our mission to cultivate a culture of transparency and awareness.

Through Safe Environment Training, our staff is equipped to identify potential signs of concerning conduct within the community and the organization. This training empowers employees and volunteers to report concerns effectively and maintain resolute diligence and the safety of all who come to us for help.

As part of the Safe Environment Program, the Diocese of Venice requires all employees and volunteers who work with children or vulnerable adults to be fingerprinted, pass a background check, and successfully complete Safe Environment Training.
